OUR RESEARCH INCLUDES:

- Biochemistry
- Biomathematics
- Biophysics
- Cell Biology
- Comparative & Evolutionary
- Genomics
- Medical & Veterinary Sciences
- Molecular Biology
- Neuroscience
- Pharmacology

APS Members are individuals worldwide whose work focuses on a wide variety of disciplines devoted to human and animal health and function—including systems biology, genomics, translational research and all other life sciences.

These members possess advanced degrees (Ph.D., D.V.M., M.D., etc.). However, individuals who hold a masters degree will be considered on a case-by-case basis. The majority of this international membership hold doctoral degrees in physiology, medicine, or other health professions; and they are employed in universities, hospitals, industrial organizations, medical schools, private foundations, and government.

APS also has Student and Affiliate members. Visit our web site at www.the-aps.org for more information and a detailed list of membership benefits.

APS Home Page: http://www.the-aps.org

For instructions on how to prepare your manuscript to conform to APS style, please see
http://www.the-aps.org/publications/i4a/index.htm

Manuscripts to AJP-Lung Cellular and Molecular Physiology are submitted online through www.apscentral.org.
Mandatory Submission Forms and Fee Forms customized to your manuscript become available on completion of the submission process. For extra copies of blank forms, see http://www.the-aps.org/publications/journals/index.htm

If you use a blank form, please write the manuscript number, title, and author’s name CLEARLY on the form.

---

**CALL FOR NOMINATIONS**

For the Editorship of the

**Journal of Applied Physiology**

Nominations are invited for the Editorship of the *Journal of Applied Physiology* to succeed J. Dempsey, who will complete his term as Editor on June 30, 2011. The Publications Committee plans to interview candidates in the Fall of 2010.

Applications should be received before **August 15, 2010**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Kim E. Barrett, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991
Journals of the American Physiological Society

**The APS Journals Key Facts!**

**One Physiology Collection—to Multiple Disciplines**

**BIOSIS PREVIEWS • ISI Web of Science • MEDLINE and PubMed:** APS Journal content is indexed through all of these excellent services.

**HighWire:** APS journals are hosted by HighWire Press, Stanford University Libraries, the largest repository of high impact, peer-reviewed content, with 1,232 journals.

**eTOCs (electronic Table of Contents):** Receive instant notification of new APS content.

**CiteTrack:** Use your own criteria and key words to be notified of newly posted APS journal content.

**RSS Feeds:** Another great way to receive a notification of newly posted APS journal content.

**Free Necessary Color:** Regular or Student members of APS who are first or last authors of articles in any of the APS research journals get free scientifically necessary color.

**FREE Online Access** to the extensive collection of back issues 12 months after publication.

**AuthorChoice:** Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).

**Articles in Press:** Instant, subscription-based access to newest research (post-acceptance, pre-copyedited) in original manuscript format.

**Legacy Content:** Online package of over 100 years of historical scientific research from 13 American Physiological Society research journals going back to the first issue of each of the APS journals.

**Manuscripts online within days of acceptance!**
The American Physiological Society (APS) provides leadership in the life sciences by promoting excellence and innovation in physiological research and education and by providing information to the scientific community and to the public.

The Awards, Grants, and Fellowships programs are designed to strengthen and shape the discipline through awards that support, recognize, and publicize the scholarly and research activities of APS Members.

For Full Details or Questions on all awards, grants and fellowships, visit The American Physiological Society web site at: www.the-aps.org/awards
Meetings & Conferences
of the American Physiological Society

2010 APS Intersociety Meeting:
Global Change & Global Science:
Comparative Physiology in a Changing World
August 4-7, 2010 • Westminster, Colorado

2010 APS Conference:
Inflammation, Immunity and Cardiovascular Disease
August 25-28, 2010 • Westminster, Colorado

Experimental Biology 2011
April 9-13, 2011 • Washington, D.C.

APS Conference:
7th International Symposium on Aldosterone
the ENaC/degeneration Family of Ion Channels:
Molecular Mechanisms and Pathophysiology
Date and Location to be Determined

APS Conference:
Autonomic Regulation of Cardiovascular
Function in Health and Disease
Date and Location to be Determined

The American Physiological Society, Meetings Department
Phone: 301.634.7967, Fax: 301.634.7264, E-mail: meetings@the-aps.org
FREE Necessary Color
for Member Authors

Regular or Student Members of the American Physiological Society (APS) who are first or last authors of articles in any of the APS research journals get FREE scientifically necessary COLOR.

These APS journals are listed on the left. If you are not yet an APS Member and are planning to submit a manuscript that requires color to any of these journals as a first or last author, then you need to apply for membership today in APS.

We provide several convenient ways to apply for Membership. Just go to our web site and select your choice at: www.the-aps.org/membership/application.htm

Other Member Benefits APS Delivers...

✓ Free online access to the current content and legacy content of 13 APS research journals (this legacy content is an online package of over 100 years of historical scientific research, and is normally $2,250 for nonmembers)
✓ Free print subscriptions to Physiology, The Physiologist, and Advances in Physiology Education—and over 50% discount on the other 12 APS print research journals
✓ Up to 75% discount on APS scholarly books
✓ Discount registration rates for Experimental Biology and other APS meetings
✓ Online access to the FASEB Directory of Members
✓ Serve on APS sections, special interest groups, or society committees related to your discipline
✓ Organize an APS Conference
✓ Over 30% discount on subscription to the AAAS Signal Transduction Knowledge Environment
✓ and more...Go to: www.the-aps.org/membership/benefit.htm

The APS Research Journals...
- American Journal of Physiology (AJP consolidated)
- AJP-Cell Physiology
- AJP-Endocrinology and Metabolism
- AJP-Gastrointestinal and Liver Physiology
- AJP-Lung Cellular and Molecular Physiology
- AJP-Heart and Circulatory Physiology
- AJP-Regulatory, Integrative and Comparative Physiology
- AJP-Renal Physiology
- Advances in Physiology Education
- Journal of Applied Physiology
- Journal of Neurophysiology
- Physiological Genomics

IN NEXT ISSUE

STEM CELLS
Autocrine production of TGF-β1 promotes myofibroblastic differentiation of neonatal lung mesenchymal stem cells (Translational Physiology)
Antonia P. Popova, Paul D. Bozyk, Adam M. Goldsmith, Marisa J. Linn, Jing Lei, J. Kelley Bentley, and Marc B. Hershenson

ALVEOLAR EPITHELIAL BIOLOGY
A role for caveolin-1 in mechanotransduction of fetal type II epithelial cells
Yulian Wang, Benjamin S. Maciejewski, Diana Drouillard, Melissa Santos, Michael A. Hokenson, Renda L. Hawwa, Zheiping Huang, and Juan Sanchez-Esteban

LUNG DEVELOPMENT AND GROWTH
Complete lack of vitamin C intake generates pulmonary emphysema in senescence marker protein-30 knockout mice
Kengo Koike, Yoshitaka Kondo, Mitsuaki Sekiya, Yasunori Sato, Kazunori Tobino, Shin-iciero Iwakami, Sataro Goto, Kazuhisa Takahashi, Naoki Maruyama, Kuniaki Seyama, and Akihito Ishigami

PULMONARY HYPERTENSION
Pulmonary artery smooth muscle hypertrophy: roles of glycogen synthase kinase-3β and p70 ribosomal S6 kinase
Huan Deng, Marc B. Hershenson, Jing Lei, Anuli C. Anyanwu, David J. Pinsky, and J. Kelley Bentley
C-Jun NH2-terminal kinase regulates serotonin-mediated proliferation and migration of pulmonary artery smooth muscle cells
Lin Wei, Yinglin Liu, Hideaki Kaneto, and Barry L. Fanburg

CYSTIC FIBROSIS
Cystic fibrosis remodels the regulation of purinergic signaling by NTPDase1 (CD39) and NTPDase3
Michel Fausther, Julie Pelletier, Carla M. Ribeiro, Jean Sévigny, and Maryse Picher

SEPSIS
Zinc modulates the innate immune response in vivo to polymicrobial sepsis through regulation of NF-κB
Shengying Bao, Ming-Jie Liu, Bryan Lee, Beth Besecker, Ju-Ping Lai, Denis C. Guttridge, and Daren L. Knoell

LUNG FLUID BALANCE
Adenosine protected against pulmonary edema through transporter- and receptor A2-mediated endothelial barrier enhancement
Qing Lu, Elizabeth O. Harrington, Julie Newton, Brian Casserly, Gregory Radin, Rod Warburton, Yang Zhou, Michael R. Blackburn, and Sharon Rounds

LUNG BIOLOGY
VEGF in the lung: a role for novel isoforms
