A SELECTION OF SCIENTIFIC & CLINICAL SESSIONS

- Restoration of Alveolo-Capillary Barrier Function
- Epithelial-Mesenchymal Crosstalk: A Matrix for Lung Remodeling
- Lung Innate Immunity*
- The Human Microbiome & Development of Asthma & Allergy
- Bioengineering for Lung Diseases
- Scientific Writing: Publishing for Academic Success*
- Damage-Associated Molecular Patterns in Lung Disease & Critical Illness
- Scientific Breakthroughs of the Year: Progress in Lung Tissue Engineering

*Postgraduate course

"The ability for basic scientists to interact with clinical scientists and clinicians is unlike any other meeting I have ever attended. There is a real opportunity to build collaborations to work on truly bench to bedside research.”

—Tom Mariani, PhD

"With competitive grants, reviewers want to know the rationale, so the conference serves as a major venue for basic scientists to see clinical connections and amplify their imaginations to relate their work to patient care.”

—Michael Matthay, MD

THE AMERICAN THORACIC SOCIETY’S INTERNATIONAL CONFERENCE IS RECOGNIZED AS THE WORLD’S PREMIER EDUCATIONAL PROGRAM FOR RESEARCHERS AND CLINICIANS IN ADULT AND PEDIATRIC PULMONARY, CRITICAL CARE AND SLEEP MEDICINE.

SET YOUR FOCUS: With 500 sessions, 800 speakers and 5,800 original scientific research abstracts and case reports, ATS 2011 offers attendees a broad spectrum of topics so that they can learn about developments in many fields or concentrate on a specific area of respiratory medicine.

LEARN FROM THE BEST: Leading researchers and clinicians will participate in symposia and present their latest findings at year-in-review sessions, workshops and postgraduate courses.

PRACTICE AT THE FOREFRONT: No other meeting provides as much information about how the science of respiratory, critical care and sleep medicine is changing clinical practice.

NETWORK: The ATS International Conference draws the most knowledgeable scientists and dedicated clinicians from around the world and provides a collegial environment for exchanging ideas.

Review all session titles and register today. Full session information, including speakers, will be available online during the third week of January 2011.

FASEB Summer Research Conferences (SRC) are a continuing series of intimate inter-disciplinary conferences that explore new approaches in research areas undergoing rapid scientific changes.

**Who should attend?** Those heavily engaged in research or are in ancillary fields where an accurate understanding of allied scientific advances is important. **Join over 3,700 fellow attendees!**

**2011 Conference Venues**
- Saxtons River, Vermont
- Carefree, Arizona
- Steamboat Springs, Colorado
- Snowmass Village, Colorado
- Barga (Lucca), Italy
- Crete, Greece

(SRCs run June 5 - Sept. 16, 2011. Visit [www.FASEB.org/SRC](http://www.FASEB.org/SRC) for a detailed schedule. CME credits available.)

**2011 Conference Topics**
- Hematopoietic Malignancies
- Ion Channel Regulation
- NAD Metabolism & Signaling
- Translational Neuroimmunology
- Mobile DNA in Mammalian Genomes
- And over 30 more cutting-edge topics!

Ready to attend? Submit a proposal? Sponsor an SRC? Contact us at SRC@FASEB.org or 301.634.7093.
experimental biology 2011

April 9 – 13, Walter E. Washington Convention Center, Washington, DC

Submit your abstract today online at www.experimentalbiology.org

Early Registration Deadline: Wednesday, February 9, 2011

Late-Breaking Abstract submission deadline: Wednesday, February 9, 2011

Hotel Reservation Deadline Friday, March 4, 2011

Discover inspiring museums, powerful monuments and memorials in Washington, DC. A diverse, cosmopolitan world capital awaits you. Come for the great science – experience the fascinating, free attractions and festive events that make DC a favorite destination for travelers from around the world.
CALL FOR NOMINATIONS

For the Editorship of the

*American Journal of Physiology-Lung Cellular and Molecular Physiology*

Nominations are invited for the Editorship of *American Journal of Physiology-Lung Cellular and Molecular Physiology* to succeed M. Matthay, who will complete his term as Editor on December 31, 2011. The Publications Committee plans to interview candidates in the Spring of 2011.

Applications should be received before **January 15, 2011**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991

---

CALL FOR NOMINATIONS

For the Chair of the European Editorial Committee of

*Physiological Reviews*

Nominations are invited for the European Chair of *Physiological Reviews* to succeed O. H. Petersen, who will complete his term as Chair of the European Editorial Committee on December 31, 2011. The Publications Committee plans to interview candidates in the Spring of 2011.

Applications should be received before **January 15, 2011**.

Nominations, accompanied by a curriculum vitae, should be sent to the Chair of the Publications Committee:

Hershel Raff, Ph.D.
American Physiological Society
9650 Rockville Pike
Bethesda, MD 20814-3991
Announcement!

Physiological Genomics

Going Online-Only in January 2011!

We are pleased to announce that Physiological Genomics will migrate to an online-only format beginning January 2011.

Your online subscription brings you all of these features!

- Weekly early view publication
- Monthly final publication
- Supplementary data
- PDFs
- Editor’s Picks
- eTOCs
- RSS Feeds
- Enhanced full text search features and an intuitive browsing experience
- Searchable through Google
- Links to Medline and GenBank
- Free access to the extensive collection of back issues available online 12 months after publication
- CiteTrack: Receive email alerts when new content matches criteria based on the topics, authors, and articles you want to track
- LOCKSS and CLOCKSS: Perpetual/ Electronic Archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals
- CrossRef participant

The APS Journals

Key Facts!

One Physiology Collection—to Multiple Disciplines

BIOSIS PREVIEWS • ISI Web of Science • MEDLINE and PubMed: APS Journal content is indexed through all of these excellent services.

HighWire: APS journals are hosted by HighWire Press, Stanford University Libraries, the largest repository of high impact, peer-reviewed content, with 1,232 journals.

eTOCs (electronic Table of Contents): Receive instant notification of new APS content.

CiteTrack: Use your own criteria and key words to be notified of newly posted APS journal content.

RSS Feeds: Another great way to receive a notification of newly posted APS journal content.

Free Necessary Color: Regular or Student members of APS who are first or last authors of articles in any of the APS research journals get free scientifically necessary color.

FREE Online Access to the extensive collection of back issues 12 months after publication.

AuthorChoice: Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).

Articles in Press: Instant, subscription-based access to newest research (post-acceptance, pre-copyedited) in original manuscript format.

Legacy Content: Online package of over 100 years of historical scientific research from 13 American Physiological Society research journals going back to the first issue of each of the APS journals.

Manuscripts online within days of acceptance!
